Dear Sir:

**PETITION TO REVIVE UNDER 37 C.F.R. §1.137(b) AND
TO WITHDRAW HOLDING OF ABANDONMENT UNDER 37 C.F.R. §1.181(a)**

Applicant, L.S. Unico, Inc. ("UNICO"), Assignee of a 50% interest of record in the above-identified application, petitions for withdrawal of the holding of abandonment under 37 C.F.R. §1.181(a), and in the alternative, petitions to revive the above identified Application under 37 C.F.R. §1.137(b). Petitioner further requests reconsideration of the Office Decision voiding the Power of Attorney received October 17, 2003.

Two Petitions Under 37 C.F.R. 1.313 were recently filed on behalf of Micrin Technologies Corporation ("MICRIN") in the instant Application, the first on July 12, 2005 and the second on July 18, 2005, one day before the present application was to issue as U.S. Patent No. U.S. Patent No. 6,919,810 on July 19, 2005. The Petition Under 37 C.F.R. 1.313 filed July 12, 1995, although being denied, voided the acceptance of the Acceptance of Power of Attorney mailed November 19, 2003 for not being filed with a Petition according to 37 CFR § 1.182 and

M.P.E.P. §402.10. The Petition Under 37 C.F.R. 1.313 filed July 18, 2005 was granted, withdrawing the present application from issuing as U.S. Patent No. 6,919,810 after payment of the issue fee, and the application was expressly abandoned by MICRIN's attorneys in favor of a continuation application in which all Amendments made to the application were withdrawn.

UNICO respectfully submits that the Petition Under 37 C.F.R. 1.313 of July 18, 2005 should not have been granted since a document granting power of attorney to MICRIN's attorneys by either of the record owners, the two Assignees MICRIN and UNICO, has not been made of record in the Application. Neither of the Petitions filed July 12, 2005 and July 18, 2005 were filed with a new power of attorney in accordance with M.P.E.P. §402.10, even though MICRIN's attorneys were seeking to act on behalf of one Assignee, MICRIN, to the detriment of the other Assignee, UNICO, and both Petitions were filed after MICRIN's attorneys have in fact received notice that one of the two Assignees, UNICO, had revoked all previous power attorneys granted in the application, discharging MICRIN's attorneys from acting on behalf of UNICO. See Exhibit A, which attaches the "Revocation and Appointment of Power of Attorney" received by the Office on October 17, 2003. This revocation was made by the sole officer of UNICO, who is also the inventor who granted the only power of attorney in the Application, as part of the original inventor's Declaration.

Whether or not the Office continues its holding that voids acceptance of the Revocation and Appointment of Power of Attorney received by the Office on October 17, 2003 as not being filed according to M.P.E.P. §402.10, the document in fact did provide written revocation of authority to act on behalf of UNICO, discharging MICRIN's attorneys in representing UNICO. MICRIN's attorneys were fully aware of the written revocation prior to submitting the Petitions

of July 12, 2005 and July 18, 2005, including Revocation and Appointment of Power of Attorney received by the Office on October 17, 2003 as part of the Petition filed July 12, 2005. *See* Petition Under 37 C.F.R. 1.313, filed July 12, 2005, Exhibit C. Instead, under the auspices of the power of attorney granted by Mr. Sadjadi, the sole inventor, who as noted above is the sole officer of UNICO, MICRIN's attorneys seek to act on behalf of only one record owner, MICRIN, in an action adverse to the only other record owner, UNICO. MICRIN sought to withdraw the Application from issuance as a patent, and expressly abandoned the Application, after UNICO had recently paid the issue fee. Such actions seek to destroy the benefit of issuance of the present application as U.S. Patent No. 6,919,810 on July 19, 2005, preventing enforcement of allowed claims as of July 19, 2005, both against MICRIN and against third parties which might presently infringe such claims. The Petitions filed July 12, 2005 and July 18, 2005 were clearly adverse to the rights and wishes of UNICO, and its sole officer, the inventor on whose previous grant of power of attorney such actions were taken.

Petitioner also notes the representation that MICRIN made in the Petition Under 37 C.F.R. 1.313 filed July 12, 2005 regarding it having no knowledge regarding a revocation a power of attorney. However, note is made of the Notice Regarding Change of Power Attorney mailed to MICRIN's attorneys on November 19, 2003, which is attached as Exhibit B.

UNICO also notes that the attorneys representing MICRIN are also part of a law firm representing MICRIN in State Court Litigation, as an adverse party to UNICO. *See* Exhibit F, which attaches the pleadings for Civil Action No. CC-05-03170-A, in the County Court At Law of Dallas County, Texas, ("State Court Litigation"). UNICO further notes that the State Court Litigation directly relates to agreements regarding, licenses, ownership and use of the invention

of the present application. *See* Exhibits C and F. Exhibit C is a Declaration of Leonard Sadjadi, the sole inventor of the present application and the sole Officer of UNICO.

UNICO further notes that it was not acting in bad faith in pursuing issuance of the Application. Attached as Exhibit E is a letter from MICRIN stating that it no longer wishes to pursue any interest in the instant Application, and offering to assign the invention of the present application to UNICO. Attached as Exhibit E is a second letter from MICRIN through one of its attorneys stating that such technology was soon to be obsolete based on new designs for its products, and refusing to assign the invention without full release of Mr. Sadjadi's claims in regard to any patent which may issue from the application unless according to certain terms deemed unreasonable by UNICO. UNICO and Mr. Sadjadi, the sole inventor of the present application, filed a lawsuit which seeks to reclaim the 50% interest in the invention of the invention of the present patent application for which MICRIN is currently a 50% record holder. *See* Exhibit F, Plaintiff's Original Petition, on page 8, paragraph 6, in which Plaintiffs UNICO and Leonard Sadjadi have prayed for relief that would declare as void the Assignment dated December 13, 2000 in which Mr. Sadjadi granted MICRIN a 50% interest in the invention of the present application. Although such claims of the pending State Court Litigation have yet to be resolved in a final judgment, if granted by the State Court, will give Mr. Sadjadi and UNICO together the entire interest in the invention of the Application.

Although MICRIN's attorneys were listed as attorney of record after the Office voided acceptance of UNICO's power of attorney, on their face the Petitions filed on July 12, 2005 and July 18, 2005 were clearly on behalf of one record owner, MICRIN, and adverse to the interests of the record other owner, UNICO. The Petitions dated July 12, 2005 and July 18, 2005 fully

stated that UNICO has proceeded to act in the application, and that the action which MICRIN as Petitioner sought was to prevent issuance of the patent after UNICO has recently paid the issue fee. This directly sets forth that MICRIN's attorneys were acting at cross-purposes to UNICO, the other record owner. Yet the Office did not require submission of a new power of attorney for the record owners, but instead relied on the original Declaration and Power of Attorney granted by Mr. Sadjadi, the sole inventor, who is in fact being harmed by withdrawal of the application from issuance and abandoning of the application as the sole officer of UNICO. Petitioner respectfully submits that the adverse interests set forth on the face of MICRIN's Petitions, in combination with the written revocation of power of attorney received by MICRIN's attorneys to act on behalf of UNICO contained in the Revocation and Appointment of Power of Attorney received by the Office on October 17, 2003, discharging MICRIN's attorneys, caused the Petitions of July 12, 2005 and July 18, 2005 to be improperly filed without submission of a new power of attorney by less than all applicants with a Petition Under 37 C.F.R. § 1.182 in accordance with M.P.E.P. §402.10.

Petitioner further notes that the attorneys acting under the initial inventor's Declaration and Power of Attorney are of a law firm representing interests adverse to those of UNICO, both in filing the Petitions Under 37 C.F.R. 1.313 on July 12, 2005 and July 18, 2005 and in representing MICRIN in State Court Litigation against UNICO. The Petitions Under 37 C.F.R. 1.313 filed on July 12, 2005 and July 18, 2005 seeking to prevent issuance of the application as U.S. Patent No. 6,919,810 on July 19, 2005 were filed without authority from UNICO, and after the attorneys in the law firm representing MICRIN were discharged by UNICO after receiving written revocation in the Revocation and Appointment of Power of Attorney received by the

Office on October 17, 2003.

Petitioner requests reconsideration of the Office Decisions voiding the Power of Attorney received October 17, 2003 and granting of the Petition dated July 18, 2005, and that the holding of abandonment of the application be withdrawn under 37 C.F.R. §1.181(a). In the alternative, that the Application be revived under 37 C.F.R. §1.137(b). Applicant request that the previously paid issue fee be applied, and the application proceed to issuance.

Petitioner UNICO respectfully submits that the entire delay from MICRIN's express abandonment until submission of this Petition was unintentional, on behalf of UNICO.

The \$750.00 Petition Fee for entry of the present document are submitted in the attached Form PTO-2038 for payment by credit card. Should the Office determine to grant this Petition based on Withdrawal of the Holding of Abandonment, Applicant requests that the Petition Fee be refunded to the credit card listed on Form PTO-2038.

Respectfully submitted,
